### **SUMMARY**

- Seven years experience in physical labor intensive positions
- Wide range experience in carpentry/construction skills
- Six years experience in delivery
- On-call experience
- Production/raw material mixing and extruding
- Maintenance experience

### **Experience**

- Foreman, H&M Landscaping; Newbury, Ohio — 2010-Current

Shovel and clear sidewalks in downtown Hudson, Ohio. Responsible for coordinating crew in keeping all sidewalks, storefronts, and safety centers clear during the length of all snow storms.

- Mixer/Bagger, Struktol; Stow, Ohio — 2012-2013

Mixed raw material and bi-products in reactors to produce both polymer and asphalt mixes which were then turned into pellet form on cooling bands. All materials made were extruded into bags to be shipped out to clients. Clients melted down the pellets in molds to create tires, floor mats, composite wood decking, etc.

- Mason, Andre Construction; Hinckley, Ohio — 2012

Built and repaired block walls and chimneys/chimney washes. Would re-duct point and add windows/doors to existing foundations and block walls. Also would perform foundation repair and waterproofing. Left the company due to Carpal Tunnel Release surgery on both hands in June of 2012.

- Finish Carpenter, DJV Construction; Cuyahoga Falls, Ohio — 2008-2011

Specialized in home remodeling, new home construction, and fire/water damage restoration. Hung and finished drywall, replaced siding and shingles, repaired and ran new plumbing, painted, installed tile and hardwood floors, window and door installation, etc.

- Furniture Delivery/Installer, Martin Public Seating; Seville, Ohio — 2005-2010

Delivered and installed school furniture throughout NE Ohio. Drove box truck to deliver furniture and also met semi trucks on site for the bigger orders. Coordinated furniture delivery with construction phases on new school builds. Furniture was always delivered, built, and installed onsite.

#### EDUCATION AND TRAINING

- THE UNIVERSITY OF AKRON

Completed 3 years of college in pursuit of a Construction Engineering degree.

- 10 HOUR OSHA CERTIFICATION
- TOW MOTOR LICENSE AND EXPERIENCE
