Roaming shores, Ohio 44084

## Work Experience

---

### Maintenance Mechanic

Nestle-Solon, OH

March 2020 to Present

Inspected belts, pulleys, shafts, bearings, gears, couplings for wear and tear damage; lubricated moving parts with

- grease or oil as needed.

Operated forklifts to safely move heavy materials throughout the facility; operated hoists to lift large loads when

- necessary.

Replaced worn parts and components in machines and equipment as needed.

- Used hand tools, power tools and man-lifts at variety of heights to cover equipment needs.
- Performed regular inspections of industrial machines, equipment, and components to support proper functioning.
- Repaired pumps, motors, valves, compressors, conveyors, pneumatic systems, hydraulics systems and other related
- equipment.

Performed preventative maintenance on industrial machinery and equipment; troubleshot issues, replaced parts, and

- adjusted settings to ensure optimal performance.

Delivered support through troubleshooting, diagnosing, and repairing equipment.

- Performed welding functions on various metals for fabrication, repair purposes utilizing appropriate techniques and
- welding parameters.

Researched replacement part availability; ordered parts as needed from suppliers or vendors while staying within

- budget constraints.

Repaired hydraulic presses which included replacing cylinders and seals as well as adjusting pressure settings

- according to specifications.

### Machinist

King luminaire-Jefferson, OH

January 2018 to March 2020

Worked with coworkers to complete tasks.

- Met deadlines while maintaining high-quality deliverables.
- Performed general maintenance and repair.
